PROFESSIONAL

Frontend & MERN Stack Developer with hands-on internship experience in React.js, JavaScript, Node.js, Express.js, MongoDB, HTML, CSS, Tailwind CSS, and WordPress. Experienced in developing responsive web applications, integrating REST APIs, and building reusable UI components. Passionate about writing clean, scalable code and continuously improving problem-solving skills through Data Structures & Algorithms. Seeking a Software Engineer or Full-Stack Developer role.

Experience

MERN Stack Intern | Digiflex Pvt. Ltd.

Jul 2026 – Present

- Developed responsive web applications using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Built reusable React components and integrated REST APIs to create dynamic user interfaces.
- Improved frontend performance, fixed UI bugs, and ensured responsive design across devices.
- Collaborated with the development team using Git, GitHub, and Postman while following Agile development practices.

Frontend Developer Intern | VidyaGXP Pvt. Ltd.

May 2026 – Jun 2026

- Developed responsive web interfaces using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Built reusable React components and integrated REST APIs to deliver dynamic user experiences.
- Optimized UI performance, fixed bugs, and ensured cross-browser compatibility.
- Collaborated with the development team using Git, GitHub, and participated in testing and debugging.

Skills

Programming Languages: C++, JavaScript.

Web Development: WordPress, React, Node.js, Express.js.

Databases: MongoDB, SQL.

Tools: Git, GitHub, Postman

Projects

Weather App – Real-Time Weather Application

Developed a responsive weather application that provides real-time weather updates using public APIs. Implemented dynamic data fetching to display temperature, humidity, and wind speed based on user input. Designed a clean and interactive user interface with responsive layouts to ensure a smooth experience across devices. Focused on efficient API integration, error handling, and user-friendly design principles.

Technologies Used: HTML5, CSS3, JavaScript, REST API

Work in Progress – Renovation & Construction Website

Developed a responsive business website for a renovation and construction company using WordPress and Elementor. Designed service pages, portfolio, multilingual support (Italian/English), contact forms, and optimized the website for performance, SEO, and mobile responsiveness.

Tech Stack: WordPress, Elementor, HTML, CSS, Polylang
